

# Where are the communication BESS power stations in Kuwait

## Overview

---

How many power and water distillation stations are there in Kuwait?

The Power and Water Distillation Stations sector has six stations distributed throughout the State of Kuwait and ranks from oldest to newest as follows: • Shuwaikh power station and water distillation Located in Shuwaikh area near Shuwaikh Port.

Which power stations are located in Kuwait?

The Sabiya West combined-cycle power station accounts for approximately 23% of Kuwait's total electricity demand. The other major gas-fired power station in the country is the 1.5GW Az-Zour North One combined-cycle power plant located approximately 100km south of Kuwait city that was commissioned in December 2016.

What is the biggest gas-fired combined-cycle power station in Kuwait?

The Sabiya West is the biggest gas-fired combined-cycle power station in Kuwait. Image courtesy of General Electric. GE and Hyundai Heavy Industries (HHI) were awarded the EPC contract for the 2GW Sabiya West power project in 2009. Image courtesy of General Electric.

Who owns Sabiya West gas-fired power station?

Owned and operated by Kuwait's Ministry of Electricity and Water (MEW), the 2GW gas-fired power station comprises three combined-cycle power blocks. Kuwait's Ministry of Electricity and Water (MEW) is the owner and operator of the Sabiya West gas-fired power station. Image courtesy of General Electric.
