

# **Where can I buy Hungarian outdoor power supply**

## Overview

---

What type of plugs does Hungary use?

Hungary uses power outlets and plugs of types C & F. Take a look at the pictures below to see what these plugs and power sockets look like: Doesn't look familiar?

Do the outlets look different in your country?

You'll need a power plug adapter. Type C - The standard European plug.

Are there electrical outlets in Hungary?

No, the electrical outlets in Hungary are different from those in the United States. In Hungary electrical outlets of types C & F are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Hungary?

The electrical outlets and power plugs in Hungary are of types C & F (see images).

What is the standard power socket voltage in Hungary?

All power sockets in Hungary provide a standard voltage of 230V with a standard frequency of 50Hz. You can use all your equipment in Hungary if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

What voltage does Hungary use?

Also, the voltage in Hungary is the same as in Europe. What Outlet does Hungary Use?

Type C plug sockets are used in Europe, Africa and Asia. They have two round pins and no grounding pin. These plugs are typically used with devices that

have a voltage of 220-240V. This outlet is rated for 2.5 amps.

Do Europeans need an adapter to use electronics in Hungary?

No! North Americans will need an adapter for the outlets and a transformer for the voltage when traveling to Hungary. North Americans device plugs will not work with the outlet types in Hungary. Also, the voltage in Hungary is different from North American voltages. Can Europeans use Electronics in Hungary without an adapter?

Yes!.

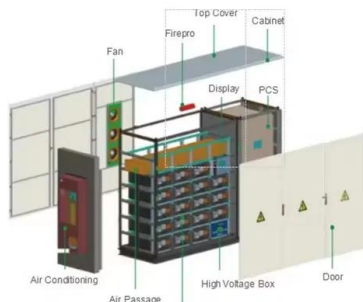

Do I need a travel adapter in Hungary?

If you're not sure whether the outlets and plugs used in your country are the same as in Hungary, you can use the tool at the top of this page to check if you need a travel adapter. All power sockets in Hungary provide a standard voltage of 230V with a standard frequency of 50Hz.
